ADVANCED ENDODONTICS

RE-ESTABLISHING BIOLOGICAL ORDER IN ENDODONTICS

Adj. Prof. Philippe Sleiman is an assistant professor at the Faculty of Dental Medicine of the Lebanese University in Beirut in Lebanon, and Adj. Prof. at the UNC Adams School of Dentistry at the University of North Carolina in Chapel Hill, North Carolina, in the United States. He is member of FICD, the American Endo Societies, Endodontics ACE (Sybron Endo USA) advisory board, and several prestigious scientific committees. He runs a private endodontic practice in Dubai and Beirut. He gives lectures and practical hands-on courses all over the world - the three courses held by him in our country so far have been a huge success.

Speaker: Adj. Prof. Philippe Sleiman

Co-presenter: Dr. Gergely Götz

Date: Friday, 12th April 2024

Location: Verdi Grand Hotel - 1091 Budapest, Üllői út 89/b.

Lecture abstract:

This exclusive full-day course is designed for Endodontics practitioners seeking to enhance their expertise. It provides a comprehensive exploration of advanced topics, starting with a profound analysis of the new ZenFlex file's metallurgy. Participants delve into its distinctive properties, establishing a foundation for subsequent discussions and hands-on activities. Insights into preventing over-instrumentation are gained through methods with an integrated endo motor featuring an apex locator, ensuring precision. The curriculum covers the re-treatment protocol with ZenFlex Niti File, enhancing proficiency in managing complex root canal anatomy. The course integrates updates in microsurgery, ensuring practitioners stay current with cutting-edge advancements.

Hands-on course abstract:

The subsequent 1.5-hour hands-on course focuses on translating theoretical knowledge into practical skills, emphasizing re-treatment and managing severe curve roots using ZenFlex. Including obturation with Elements IC, it promises a dynamic session reinforcing proficiency. This strategically designed full-day program invests in the professional growth of Endodontics practitioners, offering a holistic, advanced learning experience contributing directly to clinical excellence in this evolving field.

LECTURE:

9:00 - 14:00

Limited no. of participants: 100

Price: 39.999 HUF

(Incl.: lecture, coffee break, lunch)

LECTURE AND COURSE:

9:00 - 16:00

Limited no. of participants: 5

Price: 69.999 HUF

(Incl.: lecture, coffee break, lunch, hands-on course)

This endo-strategically success-oriented, full-day program is for those dentists, who wish to deepen their knowledge in endodontics. It will help their professional, holistic development - focusing on real clinical cases.
