Problem Solving Essentials in Endodontics

Friday, May 3, 2024 | 9:00 AM - 3:00 PM PT

**The Exchange Sacramento,
Curio Collection by Hilton**
1006 4th St. Sacramento, CA 95814

Cost: \$99.00

Kerr provides all course materials.

Course Description

Do you want to provide excellent endodontic care for your patients? This one day hands-on course is designed for general dentists to gain expertise and confidence with completing the highest quality endodontics on both vital and necrotic teeth. Participants will learn advanced NiTi rotary reciprocation instrumentation using Adaptive Motion Technology, predictable irrigation protocols using Apical Negative Pressure, and warm vertical obturation using the Continuous Wave technique. Other topics will include diagnosis, negotiation of calcified canals, and creation of a glide path. This exciting multi-media program highlights solutions and suggestions on how to treat straightforward and complex endodontic cases. This hands-on workshop utilizes 3D printed teeth and is designed to enhance the clinicians' practical skills.

Learning Objectives

- Assess protocol for single-visit treatment of both vital and necrotic teeth.
- Differentiate removal of the smear layer and biofilm using the latest irrigation protocols.
- Demonstrate obturation of the root canal system in 3D to capture the natural anatomy with the Continuous Wave of Condensation.

Presented by: Dr. Bernice Ko, Endodontist

Dr. Bernice Ko received her DDS and her postgraduate training in Hospital Dentistry and Endodontics at UCLA. Dr. Ko is a Diplomate of the American Board of Endodontics and is the Assistant Director of the UCLA AEGD (Advanced Education in General Dentistry). She was a Clinical Educator with the Section of Endodontics, Special Patient Care and Advanced Education in General Dentistry at UCLA. Dr. Ko was the former Director of the UCLA Postdoctoral Endodontics Program and was the Course Director of the UCLA Endodontic Continuum Lecture and Hands-on Workshop. Dr. Ko was the former President of the Southern California Academy of Endodontics and the Omicron Kappa Upsilon National Dental Honor Society, UCLA Chapter. She maintained an Endodontic-Periodontic private practice in West Los Angeles, California for decades with Dr. Thien Nguyen, Dr. Todd Yamada and Dr. Daraporn Tanpattana.

Dr. Ko is a paid consultant for Kerr. The opinions expressed in this course are those of Dr. Ko. Kerr is a medical device manufacturer and does not dispense medical advice. Clinicians should use their own professional judgement in treating their patients.
