

Excellence Does Not Have to be Complicated: How to Provide Lasting Beautiful Restorations with Ease and Predictability.

Oct 5, 2023 | 1:00AM - 4:00PM CT

Oct 6, 2023 | 9:00AM - 12:00PM CT

Course Description:

Cosmetic dentistry does not have to be complicated to achieve outstanding results. In a post COVID world, efficiency with procedures, materials, and time are especially important. In this presentation, participants will learn how to perform easy, lifelike direct composite restorations and how to simplify their bonding protocol while using their preferred technique. In the process, they will be introduced to materials and methods to improve their performance, save time and reduce their overhead and frustration

Course Objectives:

- Learn how to streamline inventory, and how that impacts your staff
- Understand the benefits of incorporating universal products in your workflow
- Learn how to improve efficiency, streamline procedures, and get predictable results
- Hands-on opportunity to utilize latest restorative materials

Fee: Complimentary

Location:

The Warrior Hotel
525 6th St., Sioux City, IA 51101

Dr. Matthew R. Miller, DDS

Dr. Matthew R. Miller graduated from New York University College of Dentistry with high distinction. While at NYU, he was selected into the Honors Aesthetics Program in the Rosenthal Institute of Cosmetic Dentistry. As a result of his efforts, he won the American Academy of Aesthetic Dentistry Award and the Northeastern Society of Periodontics Award. He has been voted by his peers as one of the "Top 50 dentists" in the Charlotte metro area. Dr. Miller's scope of practice includes: Full mouth rehabilitation, Endodontic therapy, Invisalign, Oral surgery, Bone grafting, Sinus augmentation, and Implant therapy. Dr. Miller is a Key Opinion Leader for Kerr and is a member of their Endodontic and Restorative Advisory Board. Additionally, he is a clinical consultant and evaluator for the Dental Advisor. He maintains a private group practice in Huntersville, N.C.

DEXIS/Kerr Dental Education is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board or dentistry or AGD endorsement. The current term of approval extends from 4/1/2023 to 3/31/2025 AGD Provider ID # 415937

Kerr is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Kerr designates this activity for continuing education credits.

Endodontic Workflow: Principles and Techniques for Successful Endodontic Therapy.

Oct 5, 2023 | 9:00AM - 12:00PM CT

Outline:

- Review of endodontic principles and techniques from diagnosis to treatment.
- Update on latest technology and equipment to perform minimally invasive root canals.
- Overview of tooth and canal morphology and anatomy as it relates to endodontic therapy and challenges that may arise.
- Clinical tips and problem solvers to help manage complex cases more easily and efficiently.

Course Objectives:

- Participants will gain further understanding of the principles and workflow of endodontic therapy and learn a systematic approach for diagnose and treatment.
- With an emphasis on diagnosis, access, instrumentation, and obturation, this course will provide its participants with an increased confidence and ability to perform more endodontic procedures.
- Participants will learn the importance of glide path and minimally invasive root canal therapy.
- Hands-on opportunity for instrumentation with new advanced files and continuous wave obturation techniques.
